course

Dr. Assunta Pavone

lecturer

Italian for architecture - Absolute beginners

title

This course is aimed for students without any knowledge of the Italian language. During the course basic knowledge of the Italian language will be conveyed so that the participants will be able to understand sentences and frequently used expressions and to describe in simple terms matters in the area of immediate need.

Moreover, simple expressions related to the architecture specific language will be conveyed.

At the end of the course, the students will have to give a short presentation.

topic

Materials developed by the lecturers for this course will be made available during the class.
